Dear Elizabeth:

Re: Conditional Water Licence C055987 on Dalton Spring

The information we have received in our office indicates that you are the new owner of BLOCK A DISTRICT LOT 2557 GROUP 1 NEW WESTMINSTER DISTRICT (PID 017-133-432).

Water licenses are appurtenant to the land, mine or undertaking, and pass with the conveyance or other disposition of the land to any new owner. We have therefore transferred the water licence into your name. A copy of the licence and plan are enclosed for your records. Please note that it is not our policy to amend the face of the licence to reflect the new owner's name.

The above-mentioned water licence authorizes 500 gallons a day for domestic purpose on that land.

Our Revenue office in Victoria will be contacting you directly with regards to any outstanding water payments. If you have not owned the property all the years during which the monies owing have accumulated, then recovery of your rental payment is a matter to be resolved between yourself and the former owner.

A brochure on Water Rights in British Columbia has been included for your records.

If you do not require the use of water from this source you may choose to abandon the water licence under Section 24 of the *Water Act* by advising our office in writing.

If you have any questions on the quality of your drinking water source, please contact your local Ministry of Health office.

If you have any other questions or concerns, please contact the Water Information Technician, Ministry of Forests, Lands and Natural Resource Operations at 604-586-4400.

Yours truly,

Janice Weymer
Natural Resource Specialist
